This Information Memorandum replaces in its entirety the Information Memorandum dated 1 July 2024.

This Information Memorandum

This Information Memorandum relates to a debt issuance programme established by the Issuer, under which it may issue Notes from time to time. This Information Memorandum has been prepared by, and is issued with the authority of, the Issuer. The Issuer accepts responsibility for the information contained in this Information Memorandum (other than the Programme Participant Information).

Terms used in this Information Memorandum but not otherwise defined have the meanings given to them in section 9 (*Glossary*) and/or will otherwise be interpreted as provided in the terms and conditions applicable to the Notes (as set out in section 7 (*Conditions of the Notes*)) ("**Conditions**").

Place of issuance

Subject to applicable laws and directives, the Issuer may offer or issue Notes in any country including Australia, New Zealand and countries in Asia and Europe but (subject to the below) not in the United States. The Notes and the Guarantee have not been, and will not be, registered under the US Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold, directly or indirectly, in the United States unless the Notes and the Guarantee are registered under the US Securities Act or are offered and sold in a transaction exempt from, or not subject to, the registration requirements of the US Securities Act and any other applicable securities laws of the states and other jurisdictions of the United States.

This Information Memorandum does not, and is not intended to, constitute an offer, invitation or advertisement by or on behalf of the Issuer or any Programme Participant to any person in any jurisdiction to subscribe for, purchase or otherwise deal in any Notes.

This Information Memorandum may not be distributed to, or relied upon by, any persons in the United States. The distribution and use of this Information Memorandum, including any Issue Materials, and the offer or sale of Notes may be restricted by law in certain jurisdictions and intending purchasers and other investors should inform themselves about them and observe any such restrictions.

In particular:

- this Information Memorandum is not a prospectus or other disclosure document for the purposes of the Corporations Act or the FMC Act. Neither this Information Memorandum nor any other disclosure document in relation to the Notes has been or will be lodged with ASIC or any other regulatory body; and
- no action has been taken by the Issuer or any Programme Participant Party which would permit a public offering of any Notes or distribution of this Information Memorandum or any Issue Materials in any jurisdiction where action for that purpose is required (including circumstances that would require

disclosure to investors under the Corporations Act or the FMC Act).

For a description of certain restrictions on offers, sales and deliveries of the Notes, and on distribution of this Information Memorandum and any other Issue Materials, see section 4 (*Selling restrictions*).

No independent verification

The only role of each of the Programme Participants in the preparation of this Information Memorandum has been to confirm to the Issuer that the Programme Participant Information relating to itself is accurate as at the Preparation Date.

Apart from the foregoing, no Programme Participant Party has independently verified any information contained in this Information Memorandum and each such person disclaims any responsibility, and disclaims all and any liability whether arising in tort or contract or otherwise for such information. Except to the extent related to the Programme Participant Information, no representation, warranty or undertaking, express or implied, is made, to the fullest extent permitted by law, and no responsibility or liability is accepted, by any of them, in relation to the accuracy or completeness of this Information Memorandum, any Issue Materials or any further information supplied by the Issuer in connection with the Programme or any Notes.

Each Programme Participant expressly does not undertake to review the financial condition or affairs of the Issuer or the Guarantor or any of their affiliates at any time or to advise any Note Holder, any potential investor in Notes or any other person of any information coming to their attention with respect to the Issuer or the Guarantor and makes no representations as to the ability of the Issuer or the Guarantor to comply with their respective obligations under the Notes or the Guarantee of the Notes. No Programme Participant makes any representation as to the performance of the Issuer or the Guarantor, the maintenance of capital or any particular rate of return, nor does any Programme Participant guarantee the payment of capital or any particular rate of capital or income return, in each case, on any Notes.

Investors to make independent investment decision and obtain professional advice

This Information Memorandum contains only summary information concerning the Issuer, the Guarantor, the Programme and the Notes. Neither the information contained in this Information Memorandum nor any other information supplied in connection with the Programme or the issue of any Notes (1) is intended to provide the basis of any credit or other evaluation and should not be considered or relied on as a recommendation or a statement of opinion (or a report of either of those things) by the Issuer, the Guarantor or any Programme Participant Party that any recipient of this Information Memorandum or any other information supplied in connection with the Programme or the issue of any Notes should subscribe for, purchase or otherwise deal in any Notes or any rights in respect of any Notes, or (2) describes the risks of an investment in any Notes (including any risks relating to the issue of GSS Bonds under the Sustainability Bond Framework).

Furthermore, this Information Memorandum contains only general information and does not take into account the objectives, financial situation or needs of any potential investor.

Each investor contemplating subscribing for, purchasing or otherwise dealing in any Notes or any rights in respect of any Notes should:

- make and rely upon (and shall be taken to have made and relied upon) its own independent investigation of the financial condition and affairs of, and its own appraisal of the creditworthiness of, the Issuer and the Guarantor and the risks of an investment in any Notes;
- determine for themselves the relevance of the information contained in this Information Memorandum (including all information incorporated by reference and forming part of this Information Memorandum) and any other information supplied in connection with the Programme or the issue of any Notes, and must base their investment decision solely upon their independent assessment and such investigations as they consider necessary; and
- consult their own financial, legal, tax and other professional advisers about risks associated with an investment in any Notes and the suitability of investing in the Notes in view of their particular circumstances.

No accounting, regulatory, investment, legal, tax or other professional advice is given in respect of an investment in any Notes or rights in respect of them.

The Issuer does not (and is not required to) hold an AFSL. No cooling-off regime applies to investors in the Notes.

MiFID II product governance / UK MiFIR product governance / target market

The Pricing Supplement in respect of any Notes may include a legend entitled “MiFID II Product Governance” and/or “UK MiFIR Product Governance”, as applicable, which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II and/or the UK MiFIR Product Governance Rules, as applicable, is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance Rules and/or the UK MiFIR Product Governance Rules, as applicable, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise none of the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules and/or the UK MiFIR Product Governance Rules, as applicable.

IMPORTANT – EEA RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in

the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by the PRIIPs Regulation for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. The Issuer, NSW Treasury and the NSW Department of Climate Change, Energy, the Environment and Water have jointly developed a Sustainability Bond Framework to guide the issuance of GSS Bonds, in furtherance of the NSW Government's commitment to sustainability.

The Sustainability Bond Framework provides a series of eligibility criteria for the types of new or existing projects and assets which the Issuer intends to finance or refinance using proceeds of issuance of GSS Bonds. The Sustainability Bond Framework also provides for exclusionary criteria which set out the types of projects or assets in which the Issuer intends not to knowingly be involved through the proceeds of issuance of any GSS Bonds.

A copy of the Sustainability Bond Framework is available via the Issuer's website at <https://tcorp.nsw.gov.au>. The Sustainability Bond Framework and any information or reports referred to therein are not incorporated in and do not form part of this Information Memorandum. The Sustainability Bond Framework may be updated from time to time.

Failure to comply with the Sustainability Bond Framework

The Issuer does not undertake to ensure that any GSS Bonds continue to comply with the Sustainability Bond Framework or any applicable internationally recognised benchmark sustainability standards and/or principles (including the Green Bond Principles, Social Bond Principles or Sustainability Bond Guidelines as published by the International Capital Market Association, the United Nations Sustainable Development Goals or the Climate Bonds Standards as published by the Climate Bonds Initiative) (together, the "**Sustainability Standards and Principles**").

Investors should note that, without limitation, (i) failure to comply with the Sustainability Bond Framework or any applicable Sustainability Standards and Principles, (ii) failure to allocate the proceeds in the manner described in the Sustainability Bond Framework, (iii) failure of any project or asset to comply with the Sustainability Bond Framework or any applicable Sustainability Standards and Principles, (iv) failure to track or manage the use of proceeds of the GSS Bonds, (v) failure to engage a second party provider, (vi) failure to engage providers to undertake periodic assurance, (vii) failure to provide access to reports, (viii) the withdrawal of any opinion or report with respect to the Sustainability Bond Framework or any GSS Bonds, or (ix) failure to notify investors of changes, may impact the value of an investment in the GSS Bonds but will not constitute an event of default or any other default or breach (howsoever described) in relation to the GSS Bonds. Without limitation, holders of the GSS Bonds will have no rights to require redemption of the Bonds before the Maturity Date in such circumstances nor will the Issuer be obliged or entitled to redeem the GSS Bonds before the Maturity Date, or any other alteration to the relevant Conditions of the GSS Bonds, in those circumstances.

The GSS Bonds are expected to comply with the version of the Sustainability Bond Framework as at the date

specified in the relevant Pricing Supplement. If the Sustainability Bond Framework or any related Sustainability Standards and Principles are amended, updated, replaced or re-issued as a new version, the GSS Bonds may no longer comply with the Sustainability Bond Framework or such Sustainability Standards and Principles as so amended, updated, replaced or reissued. The Issuer will notify holders as soon as reasonably practicable after it becomes aware of such non-compliance. The Issuer has no obligation to act so as to ensure compliance of any issuance of GSS Bonds with any such amended, updated, replaced or re-issued Sustainability Bond Framework or Sustainability Standards and Principles.

The Issuer's obligations under the GSS Bonds are not affected by the labelling of the bonds as "Green Bonds", "Social Bonds" or "Sustainability Bonds" (as the case may be). Any breach of the GSS Bonds (including in relation to non-compliance with any laws, directives and consents, whether environmental or otherwise) is to be determined without regard to such label, the Sustainability Bond Framework or the Sustainability Standards and Principles.

If any of the above scenarios occur or if market practices, standards, principles or regulations further develop in a way that is inconsistent with the labelling of the GSS Bonds as noted above, then:

- the GSS Bonds may cease to be labelled as "Green Bonds", "Social Bonds" or "Sustainability Bonds" (as the case may be) but will remain direct, unconditional, unsubordinated and unsecured obligations of the Issuer and the Issuer will make a public statement as such. On and from that point in time, the Sustainability Bond Framework will no longer be relevant to the use of proceeds of the GSS Bonds and there is no legal obligation on the Issuer to comply with the Sustainability Bond Framework or the relevant Sustainability Standards and Principles on an ongoing basis; and
- holders of the GSS Bonds that invested on the basis of the classification of the GSS Bonds as "Sustainability Bonds", "Green Bonds" or "Social Bonds" (as the case may be) may consider that the GSS Bonds no longer align with their intentions or requirements, and may have increased difficulty in finding interested buyers or obtaining an acceptable price for their GSS Bonds.

The Issuer will disclose if the GSS Bonds cease to be labelled as such and investors should note that there is no recourse whatsoever to the Issuer in these circumstances.

Credit of the Bonds

Payments of principal and interest in respect of the GSS Bonds are not linked to the credit, or the performance, of the underlying eligible projects and assets in any way, and investors in the GSS Bonds do not obtain any right or interest in any eligible assets or projects.

No representation, guarantee or support

The Issuer does not, and does not intend to, make any representation or give any assurance with respect to the Sustainability Bond Framework, the reports provided by an assurance provider or any other reports prepared in connection with the Sustainability Bond Framework. The Issuer also cannot and does not give any assurance in relation to the actual environmental, social or sustainable impact of any GSS Bond issuance, of any project or asset that is financed or refinanced by a GSS Bond issuance or of the Sustainability Bond Framework generally.

There can be no assurance that the Issuer will retain an interest in sufficient eligible projects or assets to allocate fully towards the net proceeds of the GSS Bonds or that the compliance of the GSS Bonds with the Sustainability Bond Framework or any applicable Sustainability Standards and Principles will otherwise be ongoing or that any opinion or report in respect of the Sustainability Bond Framework or the GSS Bonds will not be withdrawn.

The establishment of the Sustainability Bond Framework and the preparation of any reports in connection with the Sustainability Bond Framework (including any reports provided by a second party opinion provider or an assurance provider) are not a recommendation to purchase, hold or sell any GSS Bonds.

The Issuer is not responsible for any information, website, standard report or guidelines published or provided by a second party opinion provider, an assurance provider or any other person, even where referred to in this Information Memorandum or the Sustainability Bond Framework.

Any reports prepared in connection with the Sustainability Bond Framework (including any second party opinion or assurance reports) will not address the merits of the decision by the Issuer or any third party to finance any particular project or asset and nor will any report express any opinion as to the Issuer or any aspect of any project or asset (including but not limited to the creditworthiness of the Issuer or the financial viability of any project or asset). A report prepared in connection with the Sustainability Bond Framework may be withdrawn at any time.

The Programme Participants have not undertaken, nor are they responsible for, any assessment or verification of any eligible projects or assets and/or their impact, or any monitoring of the use of the net proceeds (or an amount equal thereto) of the GSS Bonds. None of the Programme Participants makes any representation as to the suitability or the contents of the Sustainability Bond Framework, the reports provided by a second party opinion provider or an assurance provider or any other reports prepared in connection with the Sustainability Bond Framework.

Prospective investors in any GSS Bonds issued by the Issuer as “Green Bonds”, “Social Bonds” or “Sustainability Bonds” (as the case may be) should make their own assessment of the Sustainability Bond Framework. Prospective investors should note that the Sustainability Bond Framework may be amended from time to time, including with the possible consequences or outcomes described above.

4. Selling restrictions

A person may not (directly or indirectly) offer for subscription or purchase or issue an invitation to subscribe for or buy Notes, nor distribute or publish this Information Memorandum or any other Issue Materials except if the offer or invitation, or distribution or publication, complies with all applicable laws and directives.

Neither the Issuer nor any Programme Participant has represented that any Notes may at any time lawfully be offered or sold, or that this Information Memorandum or any Issue Materials may be distributed, in compliance with any applicable registration or other requirements in any jurisdiction, or in accordance with any available exemption, or assumes any responsibility for facilitating that sale or distribution.

In addition to the above, the following selling and distribution restrictions apply.

1 General

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Information Memorandum, Issue Materials or any other offering material in any country or jurisdiction where action for that purpose is required.

Persons into whose hands this Information Memorandum, Issue Materials or other offering material comes are required by the Issuer and each Dealer to comply with all applicable laws and directives in each country or jurisdiction in which they purchase, offer, sell, resell, reoffer or deliver Notes or have in their possession or distribute or publish the Information Memorandum, Issue Materials or other offering material and to obtain any authorisation, consent, approval or permission required by them for the purchase, offer, sale, reoffer, resale or delivery by them of any Notes under any applicable law or directive in force in any jurisdiction to which they are subject or in which they make such purchases, offers, sales, reoffers, resales or deliveries, in all cases at their own expense, and neither the Issuer nor any Dealer has responsibility for such matters. In accordance with the above, any Notes purchased by any person which it wishes to offer for sale or resale may not be offered in any jurisdiction in circumstances which would result in the Issuer being obliged to register any further prospectus or corresponding document relating to the Notes in such jurisdiction.

In particular, there are restrictions on the offer or sale of Notes and on the distribution of this Information Memorandum in Australia, New Zealand, the United States, the UK, Hong Kong, Japan, Singapore and a prohibition of sales to UK and EEA retail investors and investors in the United States, each as set out below.

2 Australia

The Information Memorandum has not been, and no prospectus or other disclosure document (as defined in the Corporations Act) in relation to the Programme or any Notes has been, or will be, lodged with ASIC.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it:

- (a) has not made or invited, and will not make or invite, an offer of the Notes for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and
- (b) has not distributed or published, and will not distribute or publish, any Information Memorandum, Issue Materials or any other offering material or advertisement relating to any Notes in Australia,

unless:

- (i) the aggregate consideration payable by each offeree is at least A\$500,000 (or its equivalent in an alternate currency, and in either case, disregarding moneys lent by the offeror or its associates) or the offer or invitation does not otherwise require disclosure to investors under Part 6D.2 or 7.9 of the Corporations Act;
- (ii) the offer or invitation does not constitute an offer to a “retail client” as defined for the purposes of section 761G of the Corporations Act;
- (iii) such action complies with any applicable laws and directives in Australia; and
- (iv) such action does not require any document to be lodged with ASIC.

3 New Zealand

in each case in New Zealand other than to wholesale investors within the meaning of clause 3(2)(a), (c) or (d) (or, in the case of Notes denominated in New Zealand dollars and transacted in the NZClear System, clause 3(3)(b)) of Schedule 1 of the FMC Act, which includes:

- (i) in the case of Notes denominated in New Zealand dollars and transacted in the NZClear System, a person who is required to pay a minimum amount of at least NZ\$750,000 for the Notes (disregarding any amount lent by the offeror, Issuer or any associated person of the offeror or Issuer); or
- (ii) in any case, a person who is an “investment business”, “large” or a “government agency”, in each case as defined in Schedule 1 to the FMC Act,

provided (for the avoidance of doubt) that the Notes may not be offered or sold to any “eligible investor” (as defined in clause 41 of Schedule 1 to the FMC Act) or to any person who, under clause 3(2)(b) of Schedule 1 to the FMC Act,

meets the investment activity criteria specified in clause 38 of that Schedule.

5. Summary of certain taxation matters

Australian taxation

The following is a summary of certain Australian withholding tax matters under the Income Tax Assessment Act 1936 (Cth) and the Income Tax Assessment Act 1997 (Cth) (together, the “**Australian Tax Act**”), at the date of this Information Memorandum, in relation to the Notes to be issued by the Issuer under the Programme and certain other matters. It is a general guide and should be treated with appropriate caution. This summary is not intended to be, nor should it be construed as, legal or tax advice to any particular holder of Notes. Prospective holders of Notes should consult their professional advisers on the tax implications of an investment in the Notes for their particular circumstances.

Australian interest withholding tax

The Australian Tax Act characterises securities as either “debt interests” (for all entities) or “equity interests” (for companies) including for the purposes of the Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act (“**IWT**”) and dividend withholding tax. IWT is payable at a rate of 10% of the gross amount of interest paid by the Issuer to a non-resident of Australia (other than a non-resident acting at or through a permanent establishment in Australia) or a resident of Australia acting at or through a permanent establishment outside Australia unless an exemption is available. For these purposes, interest is defined in section 128A(1AB) of the Australian Tax Act to include amounts in the nature of, or in substitution for, interest and certain other amounts.

An exemption from IWT is available in respect of Notes issued by the Issuer if the elements set out under ‘Public offer test’ or ‘Exemptions under certain tax treaties’ below are satisfied.

Public offer test

Unless specified otherwise in the Pricing Supplement (or another relevant supplement to this Information Memorandum), the Issuer intends to issue the Notes in a manner which satisfies the requirements in section 128F of the Australian Tax Act. In this regard, the requirements for an exemption from IWT in respect of the Notes are broadly as follows:

- the Issuer is a resident of Australia and a “company” (as defined in section 128F(9)) when it issues those Notes and when interest on the Notes is paid. For these purposes, section 128F(7) treats an Australian State or an authority of a State as a company and a resident of Australia;
- the Notes are issued in a manner which satisfies the public offer test. In relation to the Notes, there are 5 principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Issuer is offering those Notes for issue.

In summary, the 5 methods are (1) offers to 10 or more unrelated persons carrying on a business of providing finance, or investing or dealing in securities, in the course of operating in financial markets, (2) offers to 100 or more investors of a certain type, (3) offers of

listed Notes, (4) offers via publicly available information sources, and (5) offers to a dealer, manager or underwriter who offers to sell the Notes within 30 days by one of the preceding methods.

The issue of any of the Notes (whether in global form or otherwise) and the offering of interests in any of those Notes by one of these methods should satisfy the public offer test;

- the Issuer does not know, or have reasonable grounds to suspect, at the time of issue, that the Notes or interests in the Notes were being, or would later be, acquired, directly or indirectly, by an “associate” of the Issuer (other than certain associates permitted by section 128F(5) of the Australian Tax Act); and
- at the time of the payment of interest, the Issuer does not know, or have reasonable grounds to suspect, that the payee is an “associate” of the Issuer (other than certain associates permitted by section 128F(6) of the Australian Tax Act).

Exemptions under certain tax treaties

The Australian Government has signed double tax conventions (“**Specified Treaties**”) with particular countries (each a “**Specified Country**”) that contain certain exemptions from Australian IWT.

In broad terms, the Specified Treaties effectively prevent IWT applying to interest derived by:

- the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; or
- a “financial institution” which is a resident of a Specified Country and which is unrelated to and dealing wholly independently with the Issuer. The term “financial institution” refers to either a bank or any other form of enterprise which substantially derives its profits by carrying on a business of raising and providing finance. However, interest under a back-to-back loan or an economically equivalent arrangement will not qualify for this exemption.

Other Australian tax matters

Under Australian laws as presently in effect:

- *stamp duty and other taxes* - no *ad valorem* stamp, issue, registration or similar taxes are payable in Australia on the issue, transfer or redemption of any Notes;
- *TFN/ABN withholding* – withholding tax is imposed at the rate of (currently) 47% on the payment of interest on certain registered securities unless the relevant payee has quoted a TFN, (in certain circumstances) an ABN or proof of some other exception (as appropriate). Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Notes, then such withholding will not apply to payments to Note Holders that are non-residents of Australia for tax purposes who do not hold their Notes in the course of carrying on a business at or through a permanent establishment in Australia.

Payments to Australian tax residents and non-residents for tax purposes who hold their Notes in the course of carrying on business through a permanent establishment in Australia may be subject to a withholding where the relevant Note Holder does not quote a TFN, ABN or provide proof of an appropriate exemption (as appropriate);

- *supply withholding tax* - payments in respect of the Notes can be made free and clear of the “supply withholding tax” imposed under section 12-190 of Schedule 1 to the Taxation Administration Act 1953 (Cth);
- *additional withholdings from certain payments to non-residents* - the Governor-General may make regulations requiring withholding from certain payments to non-residents of Australia (other than payments of interest and other amounts which are already subject to the current IWT rules or specifically exempt from those rules). Regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The possible application of any future regulations to the proceeds of any sale of the Notes will need to be monitored;
- *garnishee directions by the Commissioner of Taxation* – the Commissioner of Taxation may give a direction requiring the Issuer to deduct from any payment to a Note Holder any amount in respect of Australian tax payable by the Note Holder. If the Issuer is served with such a direction, then the Issuer will comply with that direction and make any deduction required by that direction; and
- *GST* - neither the issue nor receipt of the Notes will give rise to a liability for GST in Australia on the basis that the supply of Notes will comprise either an input taxed financial supply or (in the case of an offshore subscriber that is a non-resident) a GST-free supply. Furthermore, neither the payment of principal or interest by the Issuer, nor the disposal of the Notes, would give rise to any GST liability in Australia.

Payments under the Guarantee

It is unclear whether or not any guarantee payment by the Guarantor to Note Holders who are non-residents of Australia who do not hold their Notes in the course of carrying on a business at or through a permanent establishment in Australia, or residents of Australia who hold their Notes in the course of carrying on a business at or through a permanent establishment outside of Australia, would be subject to IWT. There are good arguments that such payments do not constitute “interest” for Australian withholding tax purposes, and, if so, would not be subject to IWT. If that is the case, such Note Holders may nevertheless be taxed on those amounts as income, unless an exemption applies.

The Australian Taxation Office has published a Taxation Determination stating that payments by a guarantor in respect of debentures (such as the Notes) are entitled to the benefit of the exemption contained in section 128F if payments of interest in respect of those debentures by the Issuer are exempt from IWT. However, there is some doubt as to whether the reasoning adopted in the Taxation Determination is strictly correct.

It should be noted that interest paid on an overdue amount relating to the Guarantor’s own obligations is likely to be interest on which IWT prima facie applies. Section 128F may not apply to such payments, however it is possible another exemption could apply.

New Zealand taxation

The following is a summary of the Issuer’s understanding of the existing New Zealand withholding tax treatment of payments of principal and interest on Notes at the date of this Information Memorandum. This summary addresses the New Zealand withholding tax treatment of payments of principal and interest to holders of Notes. It does not address all New Zealand tax issues (including income tax issues) which may be relevant to Note Holders. Prospective holders of any Note (including prospective holders of a beneficial interest in a Note) should seek independent advice on the New Zealand tax implications applicable to them.

To the extent that a beneficial interest in a Note is held by a New Zealand resident, payments of principal and/or interest by the Issuer should not be subject to New Zealand resident withholding tax, provided that:

- the Issuer (and any other related entity through which the payments of principal and/or interest are made) continues to be a non-New Zealand resident, and does not carry on a taxable activity in New Zealand through a fixed establishment in New Zealand; and
- if Computershare Investor Services Limited (or any other third party) receives principal and/or interest payments on behalf of or as agent of the Note Holder of that beneficial interest, the Note Holder has notified Computershare (or the other third party) that they have RWT-exempt status and provided their IRD number to enable that status to be verified on the electronic register maintained by the New Zealand Commissioner of Inland Revenue.

To the extent that a beneficial interest in a Note is held by a non-New Zealand resident, payments of principal and/or interest on that Note by the Issuer should not be subject to New Zealand withholding tax.

For the purposes of these New Zealand withholding tax considerations, a “New Zealand resident” is a person who is resident in New Zealand for New Zealand income tax purposes or who otherwise receives payments of principal or interest from the Issuer subject to the New Zealand resident withholding tax rules, which at the date of this Information Memorandum includes a holder that is engaged in business in New Zealand through a fixed establishment in New Zealand and that either holds the Notes for the purpose of that business or is a registered bank in New Zealand, and a “non-New Zealand resident” is a person who is not a New Zealand resident.

Foreign Account Tax Compliance Act (FATCA)

Under sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“**FATCA**”), a 30% withholding (“**FATCA withholding**”) may be required if (i)(A) an investor does not provide information sufficient for the Issuer or any non-U.S. financial institution (“**FFI**”) through which payments on the Notes are made to determine the Note Holder’s status under FATCA, or (B) an FFI to or through which payments on the Notes are made is a “non-

participating FFI"; and (ii) the Notes are treated as debt for U.S. federal income tax purposes and the payment is made in respect of Notes issued or modified after the date that is six months after the date on which final regulations defining the term "foreign passthru payment" are filed with the U.S. Federal Register, or the Notes are treated as equity for U.S. federal income tax purposes or do not have a fixed term, whenever issued.

FATCA withholding is not expected to apply on payments made before the date that is two years after the date on which final regulations defining the term "foreign passthru payment" are filed with the U.S. Federal Register.

Reporting Australian Financial Institutions ("**RAFI**") under the Australia–U.S. FATCA Intergovernmental Agreement dated 28 April 2014 ("**Australian IGA**") must comply with specific due diligence procedures. In general, these procedures seek to identify account holders and provide the Australian Taxation Office ("**ATO**") with information on financial accounts held by US persons and recalcitrant account holders. The ATO is required to provide such information to the U.S. Internal Revenue Service. Consequently, Note Holders may be requested to provide certain information and certifications to the Issuer and to any financial institutions through which payments on the Notes are made. A RAFI that complies with its obligations under the Australian IGA will not be subject to FATCA withholding on amounts it receives, and will not be required

to deduct FATCA withholding from payments it makes, other than in certain prescribed circumstances.

In the event that any amount is required to be withheld or deducted from a payment on the Notes as a result of FATCA, pursuant to the terms and conditions of the Notes, no additional amounts will be paid by the Issuer as a result of the deduction or withholding.

Prospective investors should consult their tax advisors regarding the possible implications of FATCA on an investment in Notes.

Common Reporting Standard (CRS)

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information ("**CRS**") requires certain financial institutions to report information regarding certain accounts (which may include the Notes) to their local tax authority and follow related due diligence procedures. Note Holders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act to give effect to the CRS.

Supplementing this document

A Pricing Supplement or a supplement to this Information Memorandum may supplement, amend, modify or replace any statement or information set out in this Information Memorandum, a Pricing Supplement or incorporated by reference in this Information Memorandum or a supplement to this Information Memorandum.

Currency of information

The information contained in this Information Memorandum is prepared as of its Preparation Date. Neither the delivery of this Information Memorandum nor any offer, issue or sale made in connection with this Information Memorandum at any time implies that the information contained in it is correct as of its date of delivery, that any other information supplied in connection with the Programme or the issue of Notes is correct or that there has not been any change (adverse or otherwise) in the financial conditions or affairs of the Issuer at any time subsequent to the Preparation Date. In particular, the Issuer is not under any obligation to any person to update this Information Memorandum at any time after an issue of Notes.

No authorisation

No person has been authorised to give any information or make any representations that are not contained in or inconsistent with this Information Memorandum in connection with the Issuer, the Programme or the issue or sale of the Notes and, if given or made, such information or representation must not be relied on as having been authorised by the Issuer or any Programme Participant Party.

Role of the Programme Participants

Each Programme Participant is acting solely as an arm's length contractual counterparty and not as an advisor or fiduciary to the Issuer, the Guarantor or any prospective purchaser of the Notes. Furthermore, neither the receipt of this Information Memorandum or any Issue Materials by any person nor any other matter shall be deemed to create or give rise to an advisory or fiduciary duty (or any other duty) or relationship between the Programme Participant and that person (including, without limitation, in respect of the preparation and due execution of the documents in connection with the Programme or any Notes and the power, capacity or authorisation of any other party to enter into and execute such documents). No reliance may be placed on any Programme Participant for financial, legal, taxation, accounting or investment advice or recommendations of any sort.

The Programme Participant Parties are involved in a wide range of financial services and businesses including securities trading and brokerage activities and providing commercial and investment banking, investment management and advisory, corporate finance, credit and derivative, trading and research products and services, out of which conflicting interests or duties may arise. In the ordinary course of these activities, the Programme Participant Parties or the funds which they manage or advise or the funds within which they may have a direct or indirect interest, may from time to time have long or short positions in, or buy and sell (on a principal basis or otherwise), or have pecuniary or other interests in, or act as a market maker in, the Notes or securities, derivatives, commodities, futures or options identical or related to the Notes and may trade or otherwise effect transactions, for its own account or the accounts of investors or any other party that may be involved in or related to the issue of Notes or the Programme. The Programme Participant Parties may receive fees, brokerage and commissions and may act as a principal in dealing in any Notes.

The Issuer has agreed to pay fees to the Agents for undertaking their respective roles and reimburse them for certain of their expenses incurred in connection with the Programme and the offer and sale of Notes.

The Issuer may also pay any Dealer a fee in respect of the Notes subscribed by it, may agree to reimburse any Dealer for certain expenses incurred in connection with the Programme and may indemnify any Dealer against certain liabilities in connection with the offer and sale of Notes.

References to credit ratings

To the extent there are references to any credit ratings in this Information Memorandum, a credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the relevant assigning organisation. Each credit rating should be evaluated independently of any other credit rating.

Credit ratings are for distribution only to a person (a) who is not a "retail client" within the meaning of section 761G of the Corporations Act and is also a person in respect of whom disclosure is not required under Part 6D.2 or 7.9 of the Corporations Act, and (b) who is otherwise permitted to receive credit ratings in accordance with applicable law in any jurisdiction in which the person may be located. Anyone who is not such a person is not entitled to receive this Information Memorandum and anyone who receives this Information Memorandum must not distribute it to any person who is not entitled to receive it.

7. Conditions of the Notes

The following are the Conditions which, as supplemented, amended, modified or replaced by an applicable Pricing Supplement, apply to each Note constituted by the Note Deed Poll (specified in the Pricing Supplement). References to the "Pricing Supplement" in these conditions do not limit the provisions which may be supplemented, amended, modified or replaced by the Pricing Supplement in relation to a particular Series of Notes.

1 The Notes

1.1 Programme

Notes are issued under the Programme.

1.2 Issuance

Notes are issued in Series. A Series may comprise one or more Tranches having one or more Issue Dates and on conditions otherwise identical (other than, to the extent relevant, in respect of the Issue Price, the Issue Date and the first payment of interest). Each Series is the subject of a Pricing Supplement which supplements, amends, modifies or replaces these Conditions. If there is any inconsistency between these Conditions and the Pricing Supplement, the Pricing Supplement prevails.

1.3 Types of Notes

A Note is either:

- (a) a Fixed Rate Note;
- (b) a Floating Rate Note;
- (c) a Zero Coupon Note; or
- (d) a Structured Note (being an IAB, an Index Linked Note or an Instalment Note),

or a combination of the above (or any other type of debt obligation), as specified in the relevant Pricing Supplement.

1.4 Issue and transfer restrictions

Notes may only be offered (directly or indirectly) for issue or transfer, or applications invited for the issue or transfer of Notes, and may only be issued or transferred if:

- (a) where the offer or invitation is made in, or into, Australia:
 - (i) the aggregate consideration payable to the Issuer or the transferor by the relevant subscriber or person acquiring the Notes is at least A\$500,000 (or its equivalent in an alternative currency and, in either case, disregarding moneys lent by the Issuer or its associates) or the offer or invitation (including any resulting issue) or the transfer does not otherwise require disclosure to investors under Part 6D.2 or 7.9 of the Corporations Act; and
 - (ii) the offer or invitation (including any resulting issue) or transfer does not constitute an offer to a "retail client" as defined for the purposes of section 761G of the Corporations Act; and
- (b) where the offer or invitation is made in, or into, New Zealand, the offer or invitation (including any resulting issue) or transfer is made in a manner that does not require the lodgement of a product disclosure statement or other offering document in accordance with the FMC Act; and
- (c) at all times, the offer or invitation (including any resulting issue) or transfer complies with all applicable laws and directives in the jurisdiction in which the offer, invitation, issue or transfer takes place.

1.5 Denomination

Notes are issued in the Denomination specified in the Pricing Supplement.

1.6 Currency

Subject to compliance with all applicable legal and regulatory requirements, Notes are issued in the currency or currencies specified in the applicable Pricing Supplement.

1.7 Clearing Systems

Notes may be held in a Clearing System, in which case the rights of a person holding an interest in the Notes lodged in the Clearing System are subject to the rules and regulations of the Clearing System. The Issuer is not responsible for anything that any relevant Clearing System does or omits to do.

2 Form

2.1 Constitution

Notes are debt obligations of the Issuer constituted by, and owing under, the Note Deed Poll and the details of which are recorded in, and evidenced by entry in, the Register.

2.2 Form

Notes are issued in registered form by entry in the Register.

2.3 No certificates

No certificates in respect of any Notes will be issued to Note Holders unless the Issuer determines that certificates should be available or are required by any applicable law.

3 Status

3.1 Status

Notes constitute direct, unconditional, unsubordinated and irrevocable obligations of the Issuer.

3.2 Statutory Guarantee

The due payment of principal, interest and other charges in respect of the Notes is guaranteed by the Guarantor pursuant to the provisions the Guarantee.

Pursuant to the provisions of the Guarantee, all obligations of the Guarantor under the Guarantee rank equally without preference with all other outstanding obligations of the Guarantor and are to be discharged out of the fund formed under Part 5 of the Constitution Act 1902 of New South Wales constituting all public moneys collected, received or held by any person for or on behalf of the State of New South Wales (Consolidated Fund) without any further appropriation other than as provided by the Guarantee.

3.3 Ranking

Notes rank equally among themselves and at least equally with all other unsubordinated and unsecured obligations of the Issuer, subject to mandatory provisions of law.

Pursuant to the provisions of the Guarantee (1) the Notes will have the benefit of the statutory charge on the income and revenue of the Issuer, and (2) money payable by the Issuer under the Notes ranks and will continue to rank equally without preference by reason of priority of date or otherwise with all obligations to repay financial accommodation, financial adjustments and joint financing arrangements (as each of those terms are defined for the purposes of the Guarantee) which repayment is secured by the income and revenue of the Issuer.

4 Title and transfer of Notes

4.1 Title

Title to Notes passes when details of the transfer are entered in the Register.

4.2 Effect of entries in Register

Each entry in the Register in respect of a Note constitutes:

- (a) an unconditional and irrevocable undertaking by the Issuer to the Note Holder to pay principal and (if applicable) interest and any other amount (including any Annuity Payment) in accordance with these Conditions; and
- (b) an entitlement to the other benefits given to Note Holders under these Conditions in respect of the Note.

4.3 Register conclusive as to ownership

Entries in the Register in relation to a Note constitute conclusive evidence that the person so entered is the absolute owner of the Note subject to correction for fraud or proven error.

4.4 Non-recognition of interests

Except as required by law, the Issuer and the relevant Registrar must treat the person whose name is entered in the Register as the holder of a Note as the absolute owner of that Note. This Condition applies whether or not a Note is overdue and despite any notice of ownership, trust or interest in the Note.

4.5 Joint holders

Where two or more persons are entered in the Register as the joint holders of a Note then they are taken to hold the Note as joint tenants with rights of survivorship, but the Registrar is not bound to register more than 4 persons as joint holders of a Note.

4.6 Transfers in whole

Notes may be transferred in whole but not in part.

4.7 Transfer procedures

- (a) Interests in Notes held in a Clearing System are transferable only in accordance with the rules and regulations of that Clearing System.
- (b) Application for the transfer of Notes not held in a Clearing System must be made by the lodgement of a transfer form with the Registrar at its Specified Office. Transfer forms must be in the form available from the Registrar and:
 - (i) each transfer form must be:
 - (A) duly completed;
 - (B) accompanied by any evidence the Registrar may require to establish that the transfer form has been duly executed; and
 - (C) signed by, or on behalf of, both the transferor and, if required, the transferee; and
 - (ii) transfers are registered without charge provided all applicable Taxes have been paid.

4.8 Effect of transfer

Upon registration and entry of the transferee in the Register, the transferor ceases to be entitled to future benefits under these Conditions in respect of the transferred Notes and the transferee becomes so entitled in accordance with Condition 4.2 ("Effect of entries in Register").

4.9 Austraclear or Depository as Note Holder

If Austraclear or the Depository is recorded in the Register as the Note Holder, each person in whose Security Record a Note is recorded is taken to acknowledge in favour of the Issuer, the Registrar and the Note Holder (and, if the Note Holder is the Depository, the Operator) that:

- (a) the Registrar's decision to act as the Registrar of that Note is not a recommendation or endorsement by the Registrar or the Note Holder (and, if the Note Holder is the Depository, the Operator) in relation to that Note, but only indicates that the Registrar considers that the holding of the Note is compatible with the performance by it of its obligations as Registrar; and
- (b) the Note Holder does not rely on any fact, matter or circumstance contrary to paragraph (a).

5 Fixed Rate Notes

This Condition 5 applies to the Notes only if the Pricing Supplement states that it applies.

5.1 Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest on its outstanding principal amount from (and including) its Interest Commencement Date to (but excluding) its Maturity Date at the Interest Rate. Interest is payable in arrear on each Interest Payment Date.

5.2 Fixed Coupon Amount

Unless otherwise specified in the Pricing Supplement, the amount of interest payable on each Interest Payment Date in respect of the preceding Interest Period will be the Fixed Coupon Amount specified in the Pricing Supplement.

5.3 Calculation of interest payable

The amount of interest payable in respect of a Fixed Rate Note for any period for which a Fixed Coupon Amount is not specified in the Pricing Supplement is calculated by multiplying the Interest Rate for that period, the outstanding principal amount of the Fixed Rate Note and the applicable Day Count Fraction.

6 Floating Rate Notes

This Condition 6 applies to the Notes only if the Pricing Supplement states that it applies.

6.1 Interest on Floating Rate Notes

Each Floating Rate Note bears interest on its outstanding principal amount from (and including) its Interest Commencement Date to (but excluding) its Maturity Date at the Interest Rate.

Interest is payable in arrear:

- (a) on each Interest Payment Date; or
- (b) if no Interest Payment Date is specified in the Pricing Supplement, each date which falls the number of months or other period specified as the Specified Period in the Pricing Supplement after the preceding Interest Payment Date (or in the case of the first Interest Payment Date, after the Interest Commencement Date).

6.2 Interest Rate determination

The Interest Rate payable in respect of a Floating Rate Note must be determined by the Calculation Agent in accordance with these Conditions.

6.3 Fallback Interest Rate

Unless otherwise specified in the Pricing Supplement, if, in respect of an Interest Period, the Calculation Agent is unable to determine a rate in accordance with Condition 6.2 ("Interest Rate determination") the Interest Rate for the Interest Period will be the Interest Rate applicable to the Floating Rate Notes during the immediately preceding Interest Period.

6.4 ISDA Determination

If ISDA Determination is specified in the Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate applicable to the Floating Rate Notes for each Interest Period is the sum of the Margin and the ISDA Rate.

In this Condition:

- (a) "**ISDA Rate**" means for an Interest Period, a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction if the Calculation Agent for the Floating Rate Notes were acting as Calculation Agent for that Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option, the Designated Maturity and the Reset Date are as specified in the Pricing Supplement; and
 - (ii) the Period End Dates are each Interest Payment Date, the Spread is the Margin and the Floating Rate Day Count Fraction is the Day Count Fraction; and
- (b) "**Swap Transaction**", "**Floating Rate**", "**Calculation Agent**" (except references to "Calculation Agent for the Floating Rate Notes"), "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**", "**Period End Date**", "**Spread**" and "**Floating Rate Day Count Fraction**" have the meanings given to those terms in the ISDA Definitions.

6.5 Screen Rate Determination

If Screen Rate Determination is specified in the Pricing Supplement as the manner in which the Interest Rate is to be determined, the Interest Rate applicable to the Floating Rate Notes for each Interest Period is the sum of the Margin and the Screen Rate.

In this Condition, "**Screen Rate**" means, for an Interest Period, the quotation offered for the Reference Rate appearing on the Relevant Screen Page at the Relevant Time on the Interest Determination Date. However:

- (a) if there is more than one offered quotation displayed on the Relevant Screen Page at the Relevant Time on the Interest Determination Date, the "Screen Rate" means the rate calculated by the Calculation Agent as the average of the offered quotations. If there are more than five offered quotations, the Calculation Agent must exclude the highest and lowest quotations (or in the case of equality, one of the highest and one of the lowest quotations) from its calculation;

- (b) if an offered quotation is not displayed by the Relevant Time on the Interest Determination Date or if it is displayed but the Calculation Agent determines that there is an obvious error in that rate, the “**Screen Rate**” means:
- (i) the rate the Calculation Agent calculates as the average mean of the Reference Rates that each Reference Bank quoted to the leading banks in the Relevant Financial Centre specified in the Pricing Supplement at the Relevant Time on the Interest Determination Date for a period equivalent to the Interest Period; or
 - (ii) where the Calculation Agent is unable to calculate a rate under paragraph (i) because it is unable to obtain at least two quotes, the rate the Calculation Agent calculates as the average of the rates (being the nearest equivalent to the Reference Rate) quoted by two or more banks chosen by the Calculation Agent in the Relevant Financial Centre at approximately the Relevant Time on the Interest Determination Date for a period equivalent to the Interest Period to leading banks carrying on business in the Relevant Financial Centre in good faith; or
- (c) if the Pricing Supplement specifies an alternative method for the determination of the Screen Rate Determination, then that alternative method will apply.

6.6 Benchmark Rate Determination

If “Benchmark Rate Determination (BBSW Rate)” or “Benchmark Rate Determination (AONIA Rate)” is specified in the relevant Pricing Supplement as the manner in which the Interest Rate is to be determined for each Interest Period, the Interest Rate applicable to the Floating Rate Notes for each such Interest Period is the sum of the Margin and either (x) the BBSW Rate or (y) the AONIA Rate as specified in the relevant Pricing Supplement.

Each Note Holder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BBSW Rate or the AONIA Rate, as applicable, in each case as described in this Condition 6.6 (in all cases without the need for any Note Holder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to the BBSW Rate or the AONIA Rate, as applicable, and in each case made in accordance with this Condition 6.6, will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the Note Holder and each Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Notes, shall become effective without the consent of any person.

If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Interest Rate, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.

All rates determined pursuant to this Condition 6.6 shall be expressed as a percentage rate per annum and the resulting percentage will be rounded if necessary to the fourth decimal place (i.e., to the nearest one ten-thousandth of a percentage point) with 0.00005 being rounded upwards.

However, if:

- (a) a Temporary Disruption Trigger has occurred; or
- (b) a Permanent Discontinuation Trigger has occurred,

then the Benchmark Rate for an Interest Period, whilst such Temporary Disruption Trigger is continuing or after a Permanent Discontinuation Trigger has occurred, means (in the following order of application and precedence):

- (i) where BBSW Rate is the Applicable Benchmark Rate, if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:
 - (A) first, the Administrator Recommended Rate;
 - (B) then the Supervisor Recommended Rate; and
 - (C) lastly, the Final Fallback Rate;
- (ii) where the AONIA Rate is the Applicable Benchmark Rate or a determination of the AONIA Rate is required for the purposes of paragraph (i) above, if a Temporary Disruption Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;
- (iii) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (i) or (ii) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required will be the last rate

provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);

- (iv) where BBSW Rate is the Applicable Benchmark Rate, if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the BBSW Rate Permanent Fallback Effective Date, no AONIA Permanent Fallback Effective Date has occurred, the AONIA Rate;
 - (B) then, if at the time of the BBSW Rate Permanent Fallback Effective Date, an AONIA Permanent Fallback Effective Date has occurred, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Fallback Rate; and
 - (C) lastly, if neither paragraph (A) nor paragraph (B) above apply, the Final Fallback Rate;
- (v) where the AONIA Rate is the Applicable Benchmark Rate or a determination of the AONIA Rate is required for the purposes of paragraph (iv)(A) above, if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the AONIA Permanent Fallback Effective Date, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Rate; and
 - (B) lastly, if paragraph (A) above does not apply, the Final Fallback Rate; and
- (vi) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (iv) or (v) above, respectively, if a Permanent Discontinuation Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required on or after that Permanent Fallback Effective Date will be the Final Fallback Rate.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

For the purposes of this Condition 6.6:

Adjustment Spread means the adjustment spread as at the Adjustment Spread Fixing Date (which may be a positive or negative value or zero and determined pursuant to a formula or methodology) that is:

- (a) determined as the median of the historical differences between the BBSW Rate and AONIA over a five calendar year period prior to the Adjustment Spread Fixing Date using practices based on those used for the determination of the Bloomberg Adjustment Spread as at the Issue Date of the first Tranche of the Notes of the Series, provided that for so long as the Bloomberg Adjustment Spread is published and determined based on the five year median of the historical differences between the BBSW Rate and AONIA, that adjustment spread will be deemed to be acceptable for the purposes of this paragraph (a); or
- (b) if no such median can be determined in accordance with paragraph (a), set using the method for calculating or determining such adjustment spread determined by the Calculation Agent (after consultation with the Issuer where practicable) to be appropriate;

Adjustment Spread Fixing Date means the first date on which a Permanent Discontinuation Trigger occurs with respect to the BBSW Rate;

Administrator means:

- (a) in respect of the BBSW Rate, ASX Benchmarks Pty Limited (ABN 38 616 075 417);
- (b) in respect of AONIA (or where AONIA is used to determine an Applicable Benchmark Rate), the Reserve Bank of Australia; and
- (c) in respect of any other Applicable Benchmark Rate, the administrator for that rate or benchmark or, if there is no administrator, the provider of that rate or benchmark,

and, in each case, any successor administrator or, as applicable, any successor administrator or provider;

Administrator Recommended Rate means the rate formally recommended for use as the temporary replacement for the BBSW Rate by the Administrator of the BBSW Rate;

AONIA means the Australian dollar interbank overnight cash rate (known as AONIA);

AONIA Rate means, for an Interest Period and in respect of an Interest Determination Date, the rate determined by the Calculation Agent to be Compounded Daily AONIA for that Interest Period and Interest Determination Date plus, if determining the AONIA Rate for the purposes of a fallback from the BBSW Rate, the Adjustment Spread;

Applicable Benchmark Rate means the Benchmark Rate specified in the relevant Pricing Supplement and, if a Permanent Fallback Effective Date has occurred with respect to the BBSW Rate, AONIA or the RBA Recommended Rate, then the rate determined in accordance with this Condition 6.6;

BBSW Rate means, for an Interest Period, the rate for prime bank eligible securities having a tenor closest to the Interest Period which is designated as the "AVG MID" on the "Refinitiv Screen ASX29 Page" or "MID" rate on the "Bloomberg Screen BBSW Page" (or any designation which replaces that designation on the applicable page, or any replacement page) at the Publication Time on the first day of that Interest Period;

Benchmark Rate means, for an Interest Period, either the BBSW Rate or the AONIA Rate as specified in the relevant Pricing Supplement;

Bloomberg Adjustment Spread means the term adjusted AONIA spread relating to the BBSW Rate provided by Bloomberg Index Services Limited (or a successor provider as approved and/or appointed by ISDA from time to time as the provider of term adjusted AONIA and the spread) ("**BISL**") on the Fallback Rate (AONIA) Screen (or by other means), or provided to, and published by, authorised distributors where "**Fallback Rate (AONIA) Screen**" means the Bloomberg Screen corresponding to the Bloomberg ticker for the fallback for the BBSW Rate accessed via the Bloomberg Screen <FBAK> <GO> Page (or, if applicable, accessed via the Bloomberg Screen <HP> <GO>) or any other published source designated by BISL;

Compounded Daily AONIA means, with respect to an Interest Period, the rate of return of a daily compound interest investment as calculated by the Calculation Agent on the Interest Determination Date, as follows:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{AONIA_{i-5\text{SBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

$AONIA_{i-5\text{SBD}}$, means the per annum rate expressed as a decimal which is the level of AONIA provided by the Administrator and published as of the Publication Time for the Sydney Business Day falling five Sydney Business Days prior to such Sydney Business Day "i";

d is the number of calendar days in the relevant Interest Period;

d_0 is the number of Sydney Business Days in the relevant Interest Period;

i is a series of whole numbers from 1 to d_0 , each representing the relevant Sydney Business Day in chronological order from (and including) the first Sydney Business Day in the relevant Interest Period to (and including) the last Sydney Business Day in such Interest Period;

n_i , for any Sydney Business Day "i", means the number of calendar days from (and including) such Sydney Business Day "i" up to (but excluding) the following Sydney Business Day; and

Sydney Business Day or **SBD** means any day on which commercial banks are open for general business in Sydney.

If, for any reason, Compounded Daily AONIA needs to be determined for a period other than an Interest Period, Compounded Daily AONIA is to be determined as if that period were an Interest Period starting on (and including) the first day of that period and ending on (but excluding) the last day of that period;

Fallback Rate means, where a Permanent Discontinuation Trigger for an Applicable Benchmark Rate has occurred, the rate that applies to replace that Applicable Benchmark Rate in accordance with this Condition 6.6;

Final Fallback Rate means, in respect of an Applicable Benchmark Rate, the rate:

- (a) determined by the Calculation Agent as a commercially reasonable alternative for the Applicable Benchmark Rate taking into account all available information that, in good faith, it considers relevant, provided that any rate (inclusive of any spreads or adjustments) implemented by central counterparties and / or futures exchanges with representative trade volumes in derivatives or futures referencing the Applicable Benchmark Rate will be deemed to be acceptable for the purposes of this paragraph (a), together with (without double counting) such adjustment spread (which may be a positive or negative value or zero) that is customarily applied to the relevant successor rate or alternative rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for Benchmark Rate-linked floating rate notes at such time (together with such other adjustments to the Business Day Convention, interest determination dates and related provisions and definitions, in each case that are consistent with accepted market practice for the use of such successor rate or alternative rate for Benchmark Rate-linked floating rate notes at such time), or, if no such industry standard is recognised or acknowledged, the method for calculating or determining such adjustment spread determined by the Calculation Agent (in consultation with the Issuer) to be appropriate; provided that
- (b) if and for so long as no such successor rate or alternative rate can be determined in accordance with paragraph (a), the Final Fallback Rate will be the last provided or published level of that Applicable Benchmark Rate;

Interest Determination Date means, in respect of an Interest Period:

- (a) where the BBSW Rate applies or the Final Fallback Rate applies under paragraph (iv)(C) of this Condition 6.6, the first day of that Interest Period; and
- (b) otherwise, the third Business Day prior to the last day of that Interest Period;

Non-Representative means, in respect of an Applicable Benchmark Rate, that the Supervisor of that Applicable Benchmark Rate if the Applicable Benchmark Rate is the BBSW Rate, or the Administrator of the Applicable Benchmark Rate if the Applicable Benchmark Rate is the AONIA Rate or the RBA Recommended Rate:

- (a) has determined that such Applicable Benchmark Rate is no longer, or as of a specified future date will no longer be, representative of the underlying market and economic reality that such Applicable Benchmark Rate is intended to measure and that representativeness will not be restored; and
- (b) is aware that such determination will engage certain contractual triggers for fallbacks activated by pre-cessation announcements by such Supervisor (howsoever described) in contracts;

Permanent Discontinuation Trigger means, in respect of an Applicable Benchmark Rate:

- (a) a public statement or publication of information by or on behalf of the Administrator of the Applicable Benchmark Rate announcing that it has ceased or that it will cease to provide the Applicable Benchmark Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator or provider, as applicable, that will continue to provide the Applicable Benchmark Rate and, in the case of the BBSW Rate, a public statement or publication of information by or on behalf of the Supervisor of the BBSW Rate has confirmed that cessation;
- (b) a public statement or publication of information by the Supervisor of the Applicable Benchmark Rate, the Reserve Bank of Australia (or any successor central bank for Australian dollars), an insolvency official or resolution authority with jurisdiction over the Administrator of the Applicable Benchmark Rate or a court or an entity with similar insolvency or resolution authority over the Administrator of the Applicable Benchmark Rate which states that the Administrator of the Applicable Benchmark Rate has ceased or will cease to provide the Applicable Benchmark Rate permanently or indefinitely, provided that, at the time of the statement or publication, there is no successor administrator or provider that will continue to provide the Applicable Benchmark Rate and, in the case of the BBSW Rate and a public statement or publication of information other than by the Supervisor, a public statement or publication of information by or on behalf of the Supervisor of the BBSW Rate has confirmed that cessation;
- (c) a public statement by the Supervisor of the Applicable Benchmark Rate if the Applicable Benchmark Rate is the BBSW Rate, or the Administrator of the Applicable Benchmark Rate if the Applicable Benchmark Rate is the AONIA Rate or the RBA Recommended Rate, as a consequence of which the Applicable Benchmark Rate will be prohibited from being used either generally, or in respect of the Notes, or that its use will be subject to restrictions or adverse consequences to the Issuer or a Note Holder;
- (d) as a consequence of a change in law or directive arising after the Issue Date of the first Tranche of Notes of a Series, it has become unlawful for the Calculation Agent, the Issuer or any other party responsible for calculations of interest under the Conditions to calculate any payments due to be made to any Note Holder using the Applicable Benchmark Rate;
- (e) a public statement or publication of information by the Supervisor of the Applicable Benchmark Rate if the Applicable Benchmark Rate is the BBSW Rate, or the Administrator of the Applicable Benchmark Rate if the

Applicable Benchmark Rate is the AONIA Rate or the RBA Recommended Rate, stating that the Applicable Benchmark Rate is Non-Representative; or

- (f) the Applicable Benchmark Rate has otherwise ceased to exist or be administered on a permanent or indefinite basis;

Permanent Fallback Effective Date means, in respect of a Permanent Discontinuation Trigger for an Applicable Benchmark Rate:

- (a) in the case of paragraphs (a) and (b) of the definition of “Permanent Discontinuation Trigger”, the first date on which the Applicable Benchmark Rate would ordinarily have been published or provided and is no longer published or provided;
- (b) in the case of paragraphs (c) and (d) of the definition of “Permanent Discontinuation Trigger”, the date from which use of the Applicable Benchmark Rate is prohibited or becomes subject to restrictions or adverse consequences or the calculation becomes unlawful (as applicable);
- (c) in the case of paragraph (e) of the definition of “Permanent Discontinuation Trigger”, the first date on which the Applicable Benchmark Rate would ordinarily have been published or provided but is Non-Representative by reference to the most recent statement or publication contemplated in that paragraph and even if such Applicable Benchmark Rates continues to be published or provided on such date; or
- (d) in the case of paragraph (f) of the definition of “Permanent Discontinuation Trigger”, the date that event occurs;

Publication Time means:

- (a) in respect of the BBSW Rate, 12.00 noon (Sydney time) or any amended publication time for the final intraday refix of such rate specified by the Administrator for the BBSW Rate in its benchmark methodology; and
- (b) in respect of AONIA, 4.00 pm (Sydney time) or any amended publication time for the final intraday refix of such rate specified by the Administrator for AONIA in its benchmark methodology;

RBA Recommended Fallback Rate means, for an Interest Period and in respect of an Interest Determination Date, the rate determined by the Calculation Agent to be the RBA Recommended Rate for that Interest Period and Interest Determination Date;

RBA Recommended Rate means, in respect of any relevant day (including any day “i”), the rate (inclusive of any spreads or adjustments) recommended as the replacement for AONIA by the Reserve Bank of Australia (which rate may be produced by the Reserve Bank of Australia or another administrator) and as provided by the Administrator of that rate or, if that rate is not provided by the Administrator thereof, published by an authorised distributor in respect of that day;

Supervisor means, in respect of an Applicable Benchmark Rate, the supervisor or competent authority that is responsible for supervising that Applicable Benchmark Rate or the Administrator of that Applicable Benchmark Rate, or any committee officially endorsed or convened by any such supervisor or competent authority that is responsible for supervising that Applicable Benchmark Rate or the Administrator of that Applicable Benchmark Rate;

Supervisor Recommended Rate means the rate formally recommended for use as the temporary replacement for the BBSW Rate by the Supervisor of the BBSW Rate; and

Temporary Disruption Trigger means, in respect of any Applicable Benchmark Rate which is required for any determination:

- (a) the Applicable Benchmark Rate has not been published by the applicable Administrator or an authorised distributor and is not otherwise provided by the Administrator, in respect of, on, for or by the time and date on which that Applicable Benchmark Rate is required; or
- (b) the Applicable Benchmark Rate is published or provided but the Calculation Agent determines that there is an obvious or proven error in that rate.

6.7 BKBM Rate Determination

If “BKBM Rate Determination” is specified in the relevant Pricing Supplement as the manner in which the Interest Rate is to be determined for each Interest Period, the Interest Rate applicable to the Floating Rate Notes for each such Interest Period is the sum of the Margin and the BKBM Rate as specified in the relevant Pricing Supplement.

Each Note Holder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, the determination of, substitution for and any adjustments made to the BKBM Rate as described in this Condition 6.7 (in all cases without the need for any Note Holder consent). Any determination, decision or election (including a

decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to the BKBM Rate made in accordance with this Condition 6.7 will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the Note Holder and each Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Notes, shall become effective without the consent of any person.

If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Interest Rate, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.

All rates determined pursuant to this Condition 6.7 shall be expressed as a percentage rate per annum and the resulting percentage will be rounded if necessary to the fourth decimal place (i.e., to the nearest one ten-thousandth of a percentage point) with 0.00005 being rounded upwards.

However, if the BKBM Rate cannot be determined in accordance with the first paragraph of this Condition 6.7 by the Calculation Agent, then the BKBM Rate for an Interest Period means the BKBM Fallback Rate.

When calculating interest in circumstances where the BKBM Fallback Rate applies, the amount of interest will be calculated on the same basis as if the BKBM Rate in effect immediately prior to the application of that BKBM Fallback Rate remained in effect but with necessary adjustments to substitute all references to the BKBM Rate with corresponding references to the BKBM Fallback Rate.

For the purposes of this Condition 6.7:

BKBM Rate means, for an Interest Period, the “FRA” settlement rate administered by the New Zealand Financial Benchmark Facility (NZFBF) (or any other person which takes over administration of that rate) for bank accepted bills having a tenor closest to the Interest Period, as displayed at or around 10.45 am on the “BKBM” pages of the Thomson Reuters Screen (or any successor or replacement page) on the first day of that Interest Period.

BKBM Fallback Rate means:

- (a) the rate determined by the Calculation Agent as a commercially reasonable alternative for the BKBM Rate taking into account all available information that, in good faith, it considers relevant, provided that any rate (inclusive of any spreads or adjustments) implemented by central counterparties and / or futures exchanges with representative trade volumes in derivatives or futures referencing the BKBM Rate will be deemed to be acceptable for the purposes of this paragraph (a), together with (without double counting) such adjustment spread (which may be a positive or negative value or zero) that is customarily applied to the relevant successor rate or alternative rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for BKBM Rate-linked floating rate notes at such time (together with such other adjustments to the Business Day Convention, interest determination dates and related provisions and definitions, in each case that are consistent with accepted market practice for the use of such successor rate or alternative rate for BKBM Rate-linked floating rate notes at such time), or, if no such industry standard is recognised or acknowledged, the method for calculating or determining such adjustment spread determined by the Calculation Agent (in consultation with the Issuer) to be appropriate; provided that
- (b) if and for so long as no such successor rate or alternative rate can be determined in accordance with paragraph (a), the BKBM Fallback Rate will be the last provided or published level of the BKBM Rate.

6.8 Interpolation

If the Pricing Supplement specifies that Linear Interpolation applies to an Interest Period, the Interest Rate for that Interest Period will be determined through the use of straight line interpolation by reference to two ISDA Rates, Screen Rates, BBSW Rates, BKBM Rates or other floating rates specified in the Pricing Supplement.

The first rate must be determined as if the Interest Period were the period of time for which rates are available next shorter than the length of the Interest Period (or any alternative Interest Period specified in the Pricing Supplement).

The second rate must be determined as if the Interest Period were the period of time for which rates are available next longer than the length of the Interest Period (or any alternative Interest Period specified in the Pricing Supplement).

7 Structured Notes

This Condition 7 (“Structured Notes”) applies to the Notes only if the Pricing Supplement states that it applies.

7.1 Interest on Structured Notes

Each interest bearing Structured Note bears interest on its outstanding principal amount from (and including) its Interest Commencement Date to (but excluding) its Maturity Date at the Interest Rate.

Interest is payable in arrear:

- (a) on each Interest Payment Date; or
- (b) if no Interest Payment Date is specified in the Pricing Supplement, each date which falls the number of months or other period specified as the Specified Period in the Pricing Supplement after the preceding Interest Payment Date (or in the case of the first Interest Payment Date, after the Interest Commencement Date).

7.2 Interest Rate

The Interest Rate payable in respect of an interest bearing Structured Note must be determined in the manner specified in the Pricing Supplement.

7.3 Calculation of interest amounts on CIBs

Interest amounts for CIBs per \$100 face value shall be as calculated on the basis of the following formula:

$$g \times \frac{K_t}{100}$$

where:

g = the fixed quarterly interest rate payable (equal to the annual fixed rate divided by 4), rounded to 9 decimal places.

K_t = nominal value of the principal at the next Interest Payment Date (whether or not there is an interest payment due), calculated in accordance with the following formula:

$$K_{t-1} \left[1 + \frac{p}{100} \right]$$

where:

K_{t-1} = nominal value of the principal at the previous Interest Payment Date. K_{t-1} is equal to \$100 (the face value of the note) at the Interest Payment Date on or prior to the earliest date on which the CIB may be settled at their first issue.

K_t and K_{t-1} are rounded to two decimal places.

p = the average percentage change in the Consumer Price Index over the two quarters ending in the quarter which is two quarters prior to that in which the next interest payment falls (for example, if the next interest payment is in November, p is based on the average movement in the Consumer Price Index over the two quarters ending on the preceding June quarter).

$$= \frac{100}{2} \left[\frac{CPI_t}{CPI_{t-2}} - 1 \right] \text{ rounded to two decimal places.}$$

where:

CPI_t is the Consumer Price Index for the second quarter of the relevant two quarter period; and

CPI_{t-2} is the Consumer Price Index for the quarter immediately prior to the relevant two quarter period.

Interest amounts shall be rounded to the nearest cent (0.50 cent being rounded up).

If the average percentage change in the CPI for any relevant two quarter period is negative, the nominal value of the principal will be adjusted downwards and the interest payment will be paid on this reduced amount. However, no quarterly interest payment will be based on a nominal value of less than \$100. Where the nominal value of the principal does fall below \$100, succeeding interest and/or principal payments will, in such cases, be reduced by the difference between the fixed interest payment which was paid in the relevant period, and the payment which would otherwise have been made under the above formula except for this provision.

7.4 Settlement price for CIBs

The settlement price in the case of CIBs, per \$100 face value, extended to the third decimal place, shall be calculated on the basis of the following formula:

$$\text{PRICE PER \$100 FACE VALUE} = v^{f/d} \left[g(x + a^n) + 100 v^n \right] K_t \left(\frac{1 + \frac{p}{100}}{100} \right)^{-f/d}$$

where:

$$v = \frac{1}{1 + i}$$

i = annual percentage real yield / 400.

x = 1, if there is an interest payment at the next Interest Payment Date (i.e. cum interest).

x = 0, if there is no interest payment at the next Interest Payment Date (i.e. ex interest).

K_t = nominal value of the principal at the next interest payment (whether or not there is an interest payment due), shall be calculated on the basis of the following formula:

$$K_{t-1} \left[1 + \frac{p}{100} \right]$$

where:

K_{t-1} = nominal value of the principal at the previous Interest Payment Date.

K_{t-1} is equal to \$100 (the face value of the CIB) at the Interest Payment Date on or prior to the earliest date on which the CIBs may be settled at their first issue.

K_t and K_{t-1} are rounded to two decimal places.

p = the average percentage change in the Consumer Price Index over the two quarters ending in the quarter which is two quarters prior to that in which the next interest payment falls due (for example, if the next interest payment is in November, p is based on the average movement in the Consumer Price Index over the two quarters ending on the preceding June quarter).

$$= \frac{100}{2} \left[\frac{\text{CPI}_t}{\text{CPI}_{t-2}} - 1 \right] \text{ rounded to two decimal places.}$$

where:

CPI_t is the Consumer Price Index for the second quarter of the relevant two quarter period; and

CPI_{t-2} is the Consumer Price Index for the quarter immediately prior to the relevant two quarter period.

f = the number of the days from the date of settlement to the next Interest Payment Date. If the next Interest Payment Date falls on a non-Business Day, the next good Business Day is used in the calculation of f .

d = the number of days in the quarter ending on the next Interest Payment Date.

g = the fixed quarterly interest rate payable (equal to the annual fixed rate divided by 4), rounded to 9 decimal places.

n = the number of full quarters between the next Interest Payment Date and the Maturity Date.

$$a^n = v + v^2 + \dots + v^n = \frac{1 - v^n}{i}, \text{ rounded to 9 decimal places.}$$

The settlement price will be rounded to the nearest cent (0.50 cent being rounded up).

Unless otherwise specified by the Issuer, settlement in the Austraclear System during “System hours” (as defined in the Austraclear Regulations) is to take place on the third day following the track date.

8 Inflation Linked Annuity Bonds

This Condition 8 applies to the Notes only if the Pricing Supplement states that it applies.

8.1 Annuity Payments

Annuity Payments are payable by the Issuer on each IAB in accordance with this Condition 8. Each Annuity Payment comprises a component of principal and interest.

8.2 Annuity Payment Dates

Annuity Payments are payable quarterly, in arrears, on each Annuity Payment Date up to and including the Maturity Date.

8.3 Calculation of Annuity Payments

Each Annuity Payment shall be calculated in accordance with the following formula:

$$B_t = B_0 \times \frac{CPI_t}{CPI_0}$$

Where:

B_t = the amount of the relevant Annuity Payment at time t.

B₀ = Base Annuity Payment, rounded to 6 decimal places.

CPI₀ = CPI for the full calendar quarter prior to the Issue Date.

CPI_t = the highest CPI from CPI₀ to the full calendar quarter preceding the Annuity Payment Date.

8.4 Settlement price for IABs

The settlement price in respect of each IAB shall be calculated in accordance with the following formula (rounded to 2 decimal places):

$$P = (v/q)^{f/d} \times B_{t-1} \times q \times (Z + A_n^i)$$

Where:

B_{t-1} = the amount of the Annuity Payment due on the previous Annuity Payment Date (or B₀ prior to first Annuity Payment).

q = the quarterly inflation factor, calculated as follows (rounded to 9 decimal places).

$$CPI_t / CPI_{t-1} \text{ (but not less than 1).}$$

CPI_t = the highest CPI Index released inclusive from CPI₀ to the settlement date, inclusive.

CPI_{t-1} = the highest CPI Index inclusive from CPI₋₁ to the second latest released CPI index (inclusive) as at the settlement date.

$$A_n^i = \frac{1 - (1 + i)^{-n}}{i}$$

v = $\frac{1}{1 + i}$, rounded to 9 decimal places

i = the settlement real yield (divided by 4) and expressed as a decimal rounded to 9 decimal places).

n = number of full quarters in the period commencing on the next Annuity Payment Date and ending at the end of the term of the Notes (inclusive).

f = number of days from (but excluding) the relevant settlement date to, and excluding, the next Annuity Payment Date.

- d** = number of days in the full quarter ending on the next Annuity Payment Date.
- Z** = 1 if there is an Annuity Payment to the Note Holder at the next Annuity Payment Date, and 0 if there is no payment to the Note Holder at the next Annuity Payment Date.

Note:

- (a) when the next Annuity Payment is known, the formula becomes:

$$P = (v/q)^{f/d} \times B_t \times A_n^i$$

- (b) when settlement takes place on an Annuity Payment Date, the formula becomes:

$$P = B_t \times A_n^i$$

Where:

B_t =current Annuity Payment.

n =number of full quarters to Maturity.

9 General provisions applicable to interest and annuity payments

9.1 Maximum or Minimum Interest Rate

If the Pricing Supplement specifies a Maximum Interest Rate or Minimum Interest Rate for any Interest Period, the Interest Rate for the Interest Period must not be greater than the maximum, or be less than the minimum, so specified. If no rate is specified, the Minimum Interest Rate shall be zero.

9.2 Calculation of Interest Rate and interest and annuity payment payable

The Calculation Agent must, as soon as practicable after determining the Interest Rate in relation to each Interest Period for each Floating Rate Note and interest bearing Structured Note, calculate the amount of interest payable for the Interest Period in respect of the outstanding principal amount of that Note.

Unless otherwise specified in the Pricing Supplement, the amount of interest payable is calculated by multiplying the product of the Interest Rate for the Interest Period and the outstanding principal amount of the Note by the applicable Day Count Fraction.

In respect of CIBs, the Calculation Agent must as soon as practicable calculate the relevant interest amounts in accordance with Condition 7.3 ("Calculation of interest amounts on CIBs").

In respect of IABs, the Calculation Agent must as soon as practicable calculate the relevant Annuity Payment in accordance with Condition 8.3 ("Calculation of Annuity Payments").

The rate determined by the Calculation Agent must be expressed as a percentage rate per annum.

9.3 Calculation of other amounts

If the Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent must, as soon as practicable after the time at which that amount is to be determined, calculate the amount in the manner specified in the Pricing Supplement.

9.4 Notification of Interest Rate, interest payable and other items

- (a) The Calculation Agent must notify the Issuer, the Registrar, each Note Holder and any stock exchange or other relevant authority on which the Notes are listed of:
- (i) each Interest Rate, the amount of interest payable and each other amount, item or date calculated or determined by it together with the Interest Payment Date; and
 - (ii) any amendment to any amount, item or date referred to in paragraph (i) arising from any extension or reduction in any Interest Period or calculation period.
- (b) The Calculation Agent must give notice under this Condition as soon as practicable after it makes its determination. However, it must give notice of each Interest Rate, the amount of interest payable and each Interest Payment Date by the fourth day of the Interest Period.
- (c) The Calculation Agent may amend its determination of any amount, item or date (or make appropriate alternative arrangements by way of adjustment) as a result of the extension or reduction of the Interest

Period or calculation period without prior notice but must notify the Issuer, the Registrar, each Note Holder and each stock exchange or other relevant authority on which the Notes are listed after doing so.

9.5 Determination final

The determination by the Calculation Agent of all amounts, rates and dates falling to be determined by it under these Conditions is, in the absence of manifest error, final and binding on the Issuer, the Registrar and each Note Holder.

9.6 Rounding

For the purposes of any calculations required under these Conditions (unless otherwise specified in these Conditions or the Pricing Supplement):

- (a) all percentages resulting from those calculations must be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.);
- (b) all figures resulting from those calculations must be rounded to five decimal places (with 0.000005 being rounded up to 0.00001); and
- (c) all amounts that are due and payable must be rounded (with halves being rounded up) to:
 - (i) in the case of Australian dollars or New Zealand dollars, one cent; and
 - (ii) in the case of any other currency, the lowest amount of that currency available as legal tender in the country of that currency.

10 Redemption and purchase

10.1 Scheduled redemption

Each Note is redeemable by the Issuer on the Maturity Date at its Redemption Amount unless:

- (a) the Note has been previously redeemed;
- (b) the Note has been purchased and cancelled; or
- (c) the Pricing Supplement states that the Note has no fixed maturity date.

10.2 Partly Paid Notes

Each Partly Paid Note is redeemable on the Maturity Date in accordance with the Pricing Supplement.

10.3 Instalment Notes

Each Instalment Note is partially redeemable in the Instalment Amounts and on the Instalment Dates specified in the Pricing Supplement. The principal amount of each Instalment Note is reduced by the Instalment Amount with effect from the related Instalment Date.

10.4 Early redemption for taxation reasons

The Issuer may redeem all (but not some) of the Notes of a Series in whole before their Maturity Date at the Redemption Amount and any interest accrued on it to (but excluding) the redemption date if the Issuer is required under Condition 12.2 ("Withholding tax") to pay an Additional Amount in respect of a payment on a Note.

However, the Issuer may only do so if:

- (i) the Issuer has given at least 15 days' (and no more than 60 days') (or any other period specified in the Pricing Supplement) notice to the Registrar, each Note Holder and any stock exchange or other relevant authority on which the Notes are listed;
- (b) before the Issuer gives the notice under paragraph (a), the Registrar has received:
 - (i) a certificate signed by the Chief Executive of the Issuer; and
 - (ii) an opinion of independent legal advisers of recognised standing in the jurisdiction of incorporation of the Issuer,

that the Issuer would be required under Condition 12.2 ("Withholding tax") to pay an Additional Amount in respect of the next payment due on the Notes;

- (iii) in the case of Fixed Rate Notes, no notice of redemption is given earlier than 90 days before the earliest date on which the Issuer would be obliged to pay Additional Amounts; and

- (iv) in the case of Floating Rate Notes and Structured Notes bearing a floating rate of interest:
 - (A) the proposed redemption date is an Interest Payment Date; and
 - (B) no notice of redemption is given earlier than 60 days before the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay Additional Amounts.

10.5 Early redemption at the option of Note Holders (Note Holder put)

If the Pricing Supplement states that a Note Holder may require the Issuer to redeem all or some of the Notes of a Series held by the Note Holder before their Maturity Date, the Issuer must redeem the Notes specified by the Note Holder at the Redemption Amount and any interest accrued on it to (but excluding) the redemption date if the following conditions are satisfied:

- (a) the amount of Notes to be redeemed is a multiple of their Denomination;
- (b) the Note Holder has given at least 30 days' (and no more than 60 days') (or any other period specified in the Pricing Supplement) notice, to the Issuer and the Registrar by delivering to the Specified Office of the Registrar during normal business hours a completed and signed redemption notice in the form obtainable from the Registrar, together with any evidence the Registrar may require to establish title of the Note Holder to the Note;
- (c) the notice referred to in paragraph (b) specifies an account in the country of the currency in which the Note is denominated to which the payment should be made or an address to where a cheque for payment should be sent;
- (d) the redemption date is an Early Redemption Date (Put) specified in the Pricing Supplement; and
- (e) any other condition specified in the Pricing Supplement is satisfied.

A Note Holder may not require the Issuer to redeem any Note under this Condition 10.5 ("Early redemption at the option of Note Holders (Note Holder put)") if the Issuer has given notice that it will redeem the Note under Condition 10.4 ("Early redemption for taxation reasons") or Condition 10.6 ("Early redemption at the option of the Issuer (Issuer call)").

10.6 Early redemption at the option of the Issuer (Issuer call)

If the Pricing Supplement states that the Issuer may redeem all or some of the Notes of a Series before their Maturity Date under this Condition, the Issuer may redeem so many of the Notes specified in the Pricing Supplement at the Redemption Amount and any interest accrued on it to (but excluding) the redemption date.

However, the Issuer may only do so if:

- (a) the amount of Notes to be redeemed is a multiple of, their Denomination;
- (b) the Issuer has given at least 30 days' (and no more than 60 days') (or any other period specified in the Pricing Supplement) notice to the Registrar, each Note Holder and any stock exchange or other relevant authority on which the Notes are listed;
- (c) the proposed redemption date is an Early Redemption Date (Call) specified in the Pricing Supplement; and
- (d) any other condition specified in the Pricing Supplement is satisfied.

10.7 Partial redemptions

If only some of the Notes are to be redeemed under Condition 10.6 ("Early redemption at the option of the Issuer (Issuer call)") the Notes to be redeemed will be specified in the notice and selected:

- (a) in a fair and reasonable manner; and
- (b) in compliance with any applicable law, directive or requirement of any stock exchange or other relevant authority on which the Notes are listed.

10.8 Effect of notice of redemption

Any notice of redemption given under this Condition 10 ("Redemption and purchase") is irrevocable.

10.9 Late payment

If an amount is not paid under this Condition 10 (“Redemption and purchase”) when due, then:

- (a) for a Note (other than a Zero Coupon Note or a Structured Note), interest continues to accrue on the unpaid amount (both before and after any demand or judgment) at the Default Rate specified in the Pricing Supplement (or, if no Default Rate is specified, the last applicable Interest Rate) until the date on which payment is made to the Note Holder;
- (b) for a Zero Coupon Note, the unpaid amount will bear interest at a rate equal to the Amortisation Yield (converted to a daily rate of interest), or at such other rate and on the basis specified in the Pricing Supplement, from (and including) the date on which the amount is scheduled to be paid to (but excluding) the date on which payment of the amount is made to the Note Holder; and
- (c) for a Structured Note as specified in the Pricing Supplement:
 - (i) interest continues to accrue at the Default Rate specified in the Pricing Supplement (or, if no Default Rate is specified, the last applicable Interest Rate) until the date on which payment is made to the Note Holder; or
 - (ii) the obligation to pay the amount is replaced by an obligation to pay an amount determined in the manner specified in the Pricing Supplement.

10.10 Purchase

The Issuer may at any time purchase Notes in the open market or otherwise and at any price. If purchases are made by tender, tenders must be available to all Note Holders alike. Notes purchased under this Condition 10.10 (“Purchase”) may be held, resold or cancelled at the discretion of the purchaser and (if the Notes are to be cancelled, the Issuer), subject to compliance with any applicable law or requirement of any stock exchange or other relevant authority on which the Notes are listed.

11 Payments

11.1 Payment of principal

Subject to Condition 11.2 (“Payment of interest and annuity payments”) payments of principal and any final Instalment Amount in respect of a Note will be made to each person registered at 10.00 am on the payment date as the holder of a Note.

11.2 Payment of interest and annuity payments

Payments of interest, Annuity Payments and Instalment Amounts (other than the final Instalment Amount) in respect of a Note will be made to each person registered at the close of business on the Record Date as the holder of that Note.

11.3 Payments to accounts

Payments in respect of Notes will be made:

- (a) if the Notes are held in the Austraclear System, by crediting on the payment date, the amount due to:
 - (i) the account of Austraclear (as the Note Holder) in the country of the currency in which the Note is denominated previously notified to the Issuer and the Registrar; or
 - (ii) if requested by Austraclear, the accounts of the persons in whose Security Record (as defined in the Austraclear Regulations) a Note is recorded in the country of the currency in which the Note is denominated as previously notified by Austraclear to the Issuer and the Registrar in accordance with Austraclear Regulations; and
- (b) if the Notes are held in the NZClear System, by crediting on the payment date, the amount due to:
 - (i) the account of the Depository (as the Note Holder) in the country of the currency in which the Note is denominated previously notified to the Registrar; or
 - (ii) if requested by the Operator or required by the NZClear Regulations, the accounts of the persons in whose Security Record a Note is recorded in the country of the currency in which the Note is denominated as previously notified by the Operator to the Registrar in accordance with the NZClear Regulations; and

if the Notes are not held in a Clearing System, by crediting on the payment date, the amount then due under each Note to an account in the country of the currency in which the Note is denominated previously notified by the Note Holder to the Issuer and the Registrar (as applicable).

11.4 Payments subject to law

All payments are subject to applicable law, but without prejudice to the provisions of Condition 12 (“Taxation”)

11.5 Payments on business days

If a payment is due on a day which is not a Business Day then the due date for payment is adjusted in accordance with the applicable Business Day Convention. The Note Holder is not entitled to any additional payment in respect of that delay.

12 Taxation**12.1 No set-off, counterclaim or deductions**

All payments in respect of the Notes must be made in full without set-off or counterclaim, and without any withholding or deduction in respect of Taxes, unless such withholding or deduction is made under or in connection with, or in order to ensure compliance with FATCA or is required by law.

12.2 Withholding tax

Subject to Condition 12.3 (“Withholding tax exemptions”) if a law requires the Issuer to withhold or deduct an amount in respect of Taxes from a payment in respect of the Notes such that the Note Holder would not actually receive on the due date the full amount provided for under the Notes, then:

- (a) the Issuer agrees to withhold or deduct the amount for the Taxes (and any further withholding or deduction applicable to any further payment due under paragraph (b) below); and
- (b) if the amount withheld or deducted is in respect of Taxes imposed by a Relevant Tax Jurisdiction, the Issuer agrees to pay an additional amount so that, after making the withholding or deduction and further withholdings or deductions applicable to additional amounts payable under this Condition, each Note Holder is entitled to receive (at the time the payment is due) the amount it would have received if no withholdings or deductions had been required to be made.

12.3 Withholding tax exemptions

No Additional Amounts are payable under Condition 12.2(b) in respect of any Note:

- (a) to, or to a third party on behalf of, a Note Holder who is liable to such Taxes in respect of such Note by reason of the person having some connection with a Relevant Tax Jurisdiction other than the mere holding of such Note or receipt of payment in respect of the Note provided that a Note Holder shall not be regarded as having a connection with Australia for the reason that the Note Holder is a resident of Australia within the meaning of the Australian Tax Act where, and to the extent that, such taxes are payable by reason of section 128B(2A) of the Australian Tax Act;
- (b) to, or to a third party on behalf of, a Note Holder who could lawfully avoid (but has not so avoided) such Taxes by complying or procuring that any third party complies with any statutory requirements or by making or procuring that any third party makes a declaration of non-residence or similar claim for exemption to any tax authority;
- (c) to, or to a third party on behalf of, a Note Holder who is an Offshore Associate of the Issuer and not acting in the capacity of a clearing house, paying agent, custodian, funds manager or responsible entity of a registered scheme within the meaning of the Corporations Act;
- (d) to, or to a third party on behalf of an Australian resident Note Holder or a non-resident Note Holder carrying on business in Australia at or through a permanent establishment of the non-resident in Australia, if the Note Holder has not supplied an appropriate tax file number, an Australian business number or other exemption details;
- (e) to, or to a third party on behalf of, a Note Holder where such withholding or deduction is required to be made pursuant to a notice or direction issued by the Commissioner of Taxation under section 255 of the Income Tax Assessment Act 1936 (Cth) or section 260-5 of Schedule 1 to the Taxation Administration Act 1953 (Cth) or any similar law;
- (f) in respect of any withholding or deduction made under or in connection with, or in order to ensure compliance with FATCA;
- (g) to a Note Holder that is not the beneficial owner of such Note to the extent that the beneficial owner thereof would not have been entitled to the payment of such Additional Amounts had such beneficial owner been the Note Holder; or

in such other circumstances as may be specified in the Pricing Supplement.
